History and Organization

HISTORY OF PUBLIC EDUCATION IN ARKANSAS

Provisions were made within the framework of the Constitution of the State of Arkansas for free public education; directing the legislature to pass needed laws related to education; creating funding for public schools; providing local taxing units for school purposes; designing a method of levying a tax for maintenance and operation of local school districts; and providing authority for local school board members to carry out programs of the State's public education department.

The Arkansas Territorial Legislature in 1829 passed the first law for public education by requiring county judges to appoint a trustee for the sixteenth section of land in each township granted to education. The territory was organized in 1819. In 1853, the office of the County School Commissioner was created by the legislature. With various title changes and added responsibilities, this particular individual is now called the County School Supervisor.

In 1931, the Arkansas General Assembly established a reorganization law whereby consolidation of districts occurred only by the majority of the electors of those districts. In 1948, the Arkansas voters created the District Reorganization Bill that reduced the number of school districts from 1,500 to 424.

From 1875 to 1931, the office of the State's Superintendent of Public Instruction was reestablished. In 1931, the elected office of State Superintendent was abolished, and the State Board of Education was given the power to select a Commissioner of Education.

In 1965, the improvement of elementary and secondary schools was emphasized during a Presidential message on education. Within months after the message, Congress passed the Elementary and Secondary Education Act, which was to strengthen and improve the quality of education and increased educational opportunities in the public schools. The educational opportunities provided for in this federal act are currently being paid from federal funds.

Act 38 of 1971 changed the title of the Commissioner of Education to the Director of Education but kept the duties and powers of the office the same. The Director of Education was to be confirmed by the Governor and served at the pleasure of the Governor.

Act 64 of 1981 divided the Department of Education into two major divisions, the General Education Division and the Vocational and Technical Education Division with each Division having a separate director.

Act 445 of 1983, known as "The Quality Education Act of 1983," provided for the establishment of minimum standards for accrediting public elementary and secondary schools in the State. As a result, the **Standards for Accreditation of Arkansas Public Schools** were developed and adopted by the State Board of Education on February 22, 1984. School districts had until June 1, 1987, to meet the Standards or risk consolidation or annexation. In 1984, there were 367 school districts in the State. As of June 30, 2000, there were 310 school districts in the State. These Standards have been revised once since they were put into place. The revision occurred in 1993.

Act 34 of 1983, First Extraordinary Session, created a new funding formula for local school districts known as "The School Finance Act of 1984." This particular formula provided funding to school districts known as Minimum Foundation Program Aid. The main focus of the 1983 First Extraordinary Session was education. The Arkansas General Assembly passed a one-cent sales tax which helped to increase the revenue available to school districts and to fund many new programs for education.

The legislation passed in the 1983 Regular Session and the 1983 First Extraordinary Session was considered to be the "first wave" of educational reform for Arkansas public schools. Examples of reforms include: required elementary school counselors; established smaller class sizes; created curriculum content guides which listed requirements for courses to be taught; increased advanced course offerings; required yearly testing of students in grades 3, 6, and 8 in the basic skills, Minimum Performance Test (MPT); required all public school districts to develop and file a six-year plan for improving its educational programs; established an Advisory Council for the Education of Gifted and Talented Children; implemented Act 76 of 1983, First Extraordinary Session, requiring teachers, administrators, and other certified personnel to undergo testing in regard to functional academic skills and knowledge of subject areas; implemented an effective schools project as a model of excellence for Arkansas public schools; and provided for the implementation of computer-based educational projects in the public schools, later known as the Instructional Microcomputer Project for Arkansas Classrooms (IMPAC).

In 1985-86, the Arkansas General Assembly adopted an array of additional legislation such as the establishment of a statewide system of Education Service Cooperatives; the authorization of parents to provide home schooling for their children; the amendment to the Arkansas Teacher Retirement System laws to establish an optional noncontributory plan for its members; the authorization of the Department of Education, General Division, to develop and implement a program of health services; the creation of a commission to study the disparity in teacher salaries; and the requirement for school districts to establish a drug abuse prevention program.

In 1987-88, the Arkansas General Assembly provided the state education system with acts such as establishing residency requirements for persons attending public schools; providing waivers from the teacher salary requirement due to a one time increase in new current revenue; establishing guidelines for reporting data on students leaving high school prior to graduation; establishing the Commission on Teaching Excellence; and changing the date of the annual school election to the third Tuesday in September.

In 1989-90, the Arkansas General Assembly set up the Office of Accountability to assess the performance of schools and to publish a School Report Card by December 1 of each year, the School Choice program enabling students to attend a public school in a district other than the one in which the student resides but subject to certain restrictions and conditions, the Arkansas Early Childhood Commission, the suspension of a student's learner's permit or driver's license if no longer attending school if under 17, and a mandatory kindergarten law.

In 1991-92, the Arkansas General Assembly created an Educational Excellence Trust Fund to target to all of education the funds from a 1/2 cent sales tax increase; established a statewide computer network for education, later known as the Arkansas Public School Computer Network (APSCN), which is a computer link up with all schools in the State to facilitate data collection and reduce paperwork; established the Arkansas School for Mathematics and Sciences; established the Academy for Leadership Training and School-based Management; and passed a major restructuring act, Act 236 of 1991, which called for the reorganization of the Department of Education, General Division, to provide more support and less regulation to school districts as well as defining what Arkansas public schools must do in preparing students to be internationally competitive. The Department established the Comprehensive Outcomes Evaluation Program as a method for evaluation of the public schools every five years as mandated by the Standards for Accreditation. School vehicle insurance was added to the insurance program as a self-insurance program for schools.

In 1993-94, the legislature combined the appropriations for the Department of Education to a few appropriations for greater flexibility in reaching the goals of Act 236 of 1991. Grant programs were set up for Writing Assessments to assist in the development and piloting of writing portfolios and Curriculum Frameworks for school districts to develop exemplary local curricula to serve as statewide models. An appropriation was also set up for Workers Compensation to help school districts with worker compensation payments on school personnel. In addition, the K-3 Initiative was started with the passage of Act 1139 of 1993 which provided free summer school and summer school transportation to K-3 students who did not perform at grade level during the regular school year. In order for these students to be eligible for promotion to the next grade, they had to attend this specially designed summer school program.

In 1995-96, the Arkansas General Assembly enacted a new funding formula for the public schools that provided more equity in school funding. Minimum Foundation Program Aid was replaced by Equalization Funding. The legislature also funded At-risk Programs, Growth Facilities Funding, Additional Base Funding, and Debt Service Funding Supplements to assist districts with the cost of facilities. Technology centers were appropriated for the Education Service Cooperative to assist local school districts. Fiscal Crisis Relief Funding also provided assistance to districts adversely affected by the implementation of the new funding formula. Other legislation passed in 1995 included: an act to require criminal background checks for all teachers and administrators seeking an Arkansas teaching license for the first time; an act to ensure that a fiscal or academic crisis will not interrupt educational services provided to students (Academic and Fiscal Distress); an act known as the School Bus Safety Act of 1995; an act to establish the Arkansas Advanced Placement Incentive Program; an act to expand the K-3 Initiative of 1993 to include grades K-5; and an act to increase the number of State Board of Education members from nine (9) to twelve (12).

In 1997-98, the Arkansas General Assembly passed legislation which provided for one core curriculum for all students in Arkansas public schools; required the Director to develop a plan to allow all school districts to utilize distance learning through a distance learning network; amended the laws concerning

home-schooled students; provided a clearinghouse for information on nonsectarian practices in character and citizenship education; amended the laws relative to Arkansas education goals and performance accountability; required criminal background checks as a condition for employment in a public school district for all non-certified staff positions; expanded the requirement for background checks on teachers and administrators; allowed Teacher Retirement System members to retire with 28 years of service rather than 30; and Act 803 of 1997 abolished the Vocational and Technical Division of the Department of Education and created the Department of Workforce Education as a separate state agency with its own State Board of Workforce Education and Career Opportunities. The State Board of Education and the Department of Education continued for the general supervision of the public K-12 schools in the State.

In 1999-2000, the Arkansas General Assembly passed legislation which provided for teacher incentives to seek the National Board for Professional Teaching Standards (NBPTS) Certification to pay full tuition cost and bonuses; annual individual school performance reports and for the distribution of these reports to all parents or guardians of children enrolled in Arkansas public schools; the reduction in the number of State Board of Education members from twelve (12) to nine (9) over a three-year period; a new Charter School Law which allows for open-enrollment and school district conversion forms of charter schools with the new law completely replacing the 1995 law; the establishment for an accountability program for schools across the State referred to as the Arkansas Comprehensive Testing Assessment and Accountability Program (ACTAAP); and the elimination of the antiquated county boards of education in all 75 counties of the State over time.

In 2001-2002, the Arkansas General Assembly created the Arkansas Blue Ribbon Commission on Public Education to define an equitable and adequate system of free public education in the State as mandated under the "general, suitable and efficient" components of the Arkansas Constitution; directed the State Board of Education to conduct a study of public education, its structure, financial needs, and funds needed for improvement; adopted ethical guidelines to prohibit self-dealing in transactions between public educational entities and board members, administrators, or employees; passed the Educator Compensation Act to supplement traditional pay increases for the State's teachers; authorized the Department of Education to conduct a study of grade inflation within the State's high schools and to notify schools of such finding; established procedures for identifying critical teacher shortage areas and granting retired teachers a waiver of earnings limitations to return to active employment to help meet the needs of these areas; and clarified the State's ethics law to allow teachers and other school employees to receive gifts or compensation which recognize the employee's contribution to education.

In 2003-2004, the General Assembly addressed four major areas in the public education system of Arkansas: structure of the K-12 system, public school funding, public school facilities, and the structure of the Arkansas Department of Education. During the Regular Session, the legislature; enacted the Omnibus Quality Education Act, requiring all school districts to meet the Standards for Accreditation with sanctions for non-compliance; established requirements for school districts to create plans for more parental involvement in public schools; and created the Joint Committee on Educational Facilities to assess all of the State's K-12 facilities and equipment. During the 2nd Extraordinary Session, the General Assembly required administrative consolidation of public school districts serving less than 350 students into districts that would have in excess of 350 students; adopted the Arkansas Student Assessment and Educational Accountability Act of 2004; created the Public School Funding Act, which designated a base of \$5,400 per student as the amount necessary for students to receive an adequate education; enacted a variety of revenue measures to raise the necessary funds to implement the new Public School Funding Act. The legislature also provided for the division of the Arkansas Department of Education into three divisions: General Education, Accountability and Educational Facilities with each division having its own director who answers independently to the State Board of Education. Other significant actions taken by

the 84th General Assembly included the creation of a Teacher Housing Program; master's program for school principals; mandatory professional development for teachers and administrators and an appropriation to increase the number of early childhood programs offered in the State.

In 2005-06, the Arkansas General Assembly focused primarily on education reform as a result of directives and requirements of the Arkansas Supreme Court in Lake View School District No. 25, et al. v. Mike Huckabee, et al. The Court outlined the State's responsibility to identify and fund an adequate education for all students in Arkansas. Accordingly, legislation that provided additional funding in the amount of \$436.6 million over the biennium was implemented. The Legislature also funded and commissioned an Adequacy Study to determine future educational needs. Legislation established the Division of Public School Facilities and Transportation that will identify, assess and fund the State's facilities needs. In the area of teacher recruitment and retention, the General Assembly increased teacher salaries, took steps to strengthen the teacher health insurance program and provided for programs to enhance teaching and learning. The General Assembly also complied with the Court's mandate to track expenditures by expanding current coding methods, providing for in-service training for fiscal staff, strengthening financial accountability, and outlining penalties for non-compliance. The General Assembly continued to enhance and enrich curriculum standards and upgraded the capacity of the State's technology network. Legislation was enacted to change the structure of the Arkansas Department of Education (ADE). The ADE was also given more flexibility in personnel policies. The General Assembly again increased funding for early childhood programs to serve additional children. The Governor called the First Extraordinary Session of the 85th General Assembly to implicitly deal with the Court's mandates, providing an additional \$132.5 million for education funding.

In 2007-2008, the work conducted by the 86th General Assembly successfully freed the state from litigation in the Lake View case. On May 31, 2007, the Arkansas Supreme Court ruled that "...our system of public-school financing is now in constitutional compliance..." It further stated in the conclusion of the opinion:

"What is especially meaningful to this court is the Maters' finding that the General Assembly has expressly shown that constitutional compliance in the field of education is an ongoing task requiring constant study, review, and adjustment. In this court's view, Act 57 of the Second Extraordinary Session of 2003 requiring annual adequacy review by legislative committees, and Act 108 of the Second Extraordinary Session of 2003, establishing education as the State's first funding priority, are the cornerstones for assuring future compliance."

The legislature expanded upon Act 57 requirements, passing Act 1204 of 2007. Act 1204 set forth an outline of the work to be performed in preparation for the 2009 legislative session. Among other things it required the review of fiscal, academic, and facilities distress programs; a comparison of Arkansas teacher salaries with surrounding states and Southern Regional Education Board member states; review of expenditures from isolated schools; national school lunch student funding; declining enrollment funding; student growth funding; special education funding. Act 1204 also required an expenditure analysis and resource allocation review each biennium. The Department of Education budget total was \$760.3 million in FY08 and \$764.7 million in FY09. The Public School Fund authorized

STATE BOARD OF EDUCATION - OVERSIGHT AND AUTHORITY

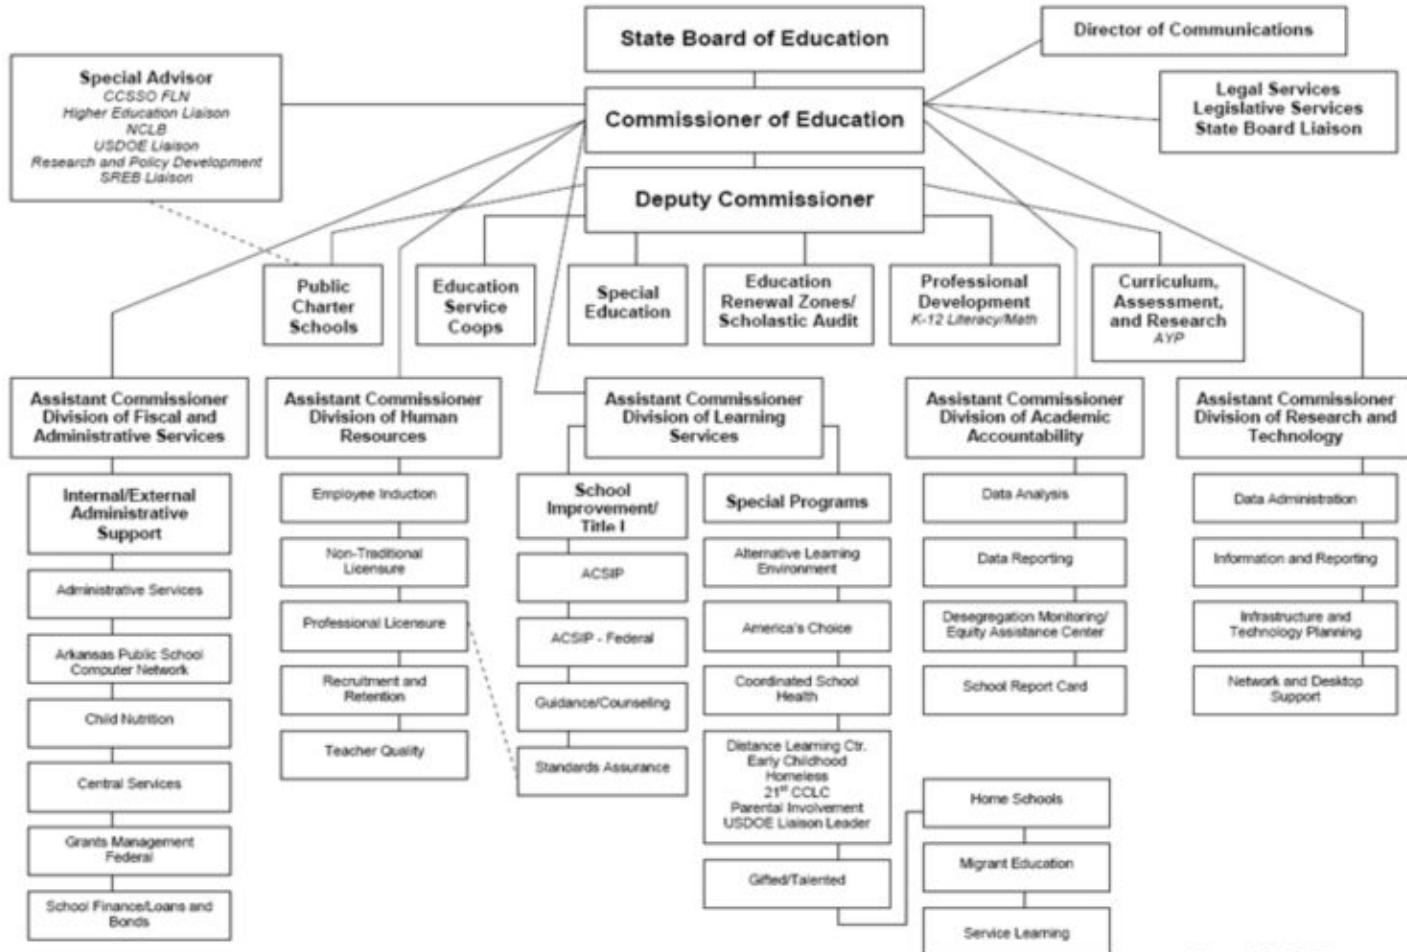

Statutory authority for the Arkansas State Board of Education is found in Ark. Code Ann. §6-11-101

(1999 Repl.). As set forth in various subsections of this code cite, the State Board of Education reduced the number of its members from twelve (12) to nine (9) members over a three-year period ending with the nine-member board as of July 1, 2001, two from each

Congressional district of the State and the remainder to be appointed at large from within the State. The term of office is set at six (6) years with the terms of outgoing member(s) expiring on June 30 of each year. The Governor, subject to the confirmation of the Senate, appoints the members of the State Board of Education. The members take the oath of office prescribed by the Constitution of the State of Arkansas for officers.

The State Board of Education's powers and duties are outlined in Ark. Code Ann. §6-11-105 (1999 Repl.). These powers and duties include such things as general supervision of the public schools of the State, recommending courses of study for the public schools, issuing licenses to qualified persons to teach in the public schools, and performing "all other functions which may now or hereafter be delegated to the State Board of Education by law."

In addition, "the State Board of Education may organize and, from time to time, change and alter the Department of Education into such branches or sections as may be found necessary and desirable by the Director of the Department of Education . . ." These changes are to be brought forward in order for the Department of Education ". . . to perform all proper functions and to render maximum service relating to the operation and improvement of general education programs of the State."

Agency Commentary

ARKANSAS DEPARTMENT OF EDUCATION - GENERAL DIVISION

The following is a summary of Change Level requests by appropriation:

Fish/Wildlife Conservation - 1XY

A.C.A. §6-16-1101, redirects money from Game and Fish Commission fines to educational programs in the counties in which the fines were collected. It requires the ADE to be the pass through agency to get the funds from the Commission to the counties. The Base Level for the 2009-11 biennium is \$700,000 each year. The ADE is requesting a Change Level of \$100,000 each year for potential increases in fine collections that may occur in the 2009-11 biennium.

Federal Grants Administration - 435

This appropriation provides for 9 positions and operating support for the Administrative Support unit of the Department. It is funded by indirect cost charges levied on federal programs administered by the ADE. The Change Level request in the 2009-11 biennium for this appropriation is to restore the ADE Budget Manager Position. This position was created by the authority of Section 25 of Act 1420 of 2007. Section 25 also requires that positions created by this authority must be requested to continue into the next biennium. The position is budgeted in FY2009.

Professional Licensure Standards Board - 56P

Act 846 of 2007 created the Professional Licensure Standards Board (PLSB). Responsibilities of the PLSB include: 1) Development and recommendation for adoption by the State Board of Education of minimum college preparatory and grade point average requirements for all teachers applying for licensure, 2) Review of audits of teacher education programs at institutions of higher education to determine if they are properly aligned to allow graduates to become licensed, and 3) Establish a Code of Ethics for administrators and teachers. On June 9, 2008, the Arkansas State Board of Education accepted the recommendation of the PLSB and approved the Rules Governing the Code of Ethics for Arkansas Educators. The PLSB is also charged through this law and rule to investigate all violations which may lead to some action being taken upon the educator's professional teaching license.

The Change Level request for this appropriation is for 11 new positions and associated operating support. The total appropriation being requested is \$1,070,042 in FY10 and \$899,315 in FY11. Line item appropriation requests include: Regular Salaries (\$399,549/\$408,732), Personal Services Matching (\$142,763/\$144,753), Operating Expenses (\$508,225/\$326,325), Conference and Travel Expenses (\$10,000 each year), and Professional Fees (\$9,505 each year). Funding for the program would be from cash funds generated from license fees and fines.

ADE - State Operations - 620

The State Operations appropriation provides the state funded support for 260 positions and associated operating expenses of the various units of the Department of Education. The major units supported by this appropriation are: Central Administration, Division of Fiscal and Administrative Services, Division of Human Resources, Division of Learning Services, Division of Public School Accountability and Division of Research and Technology. The two Change Level requests for this appropriation are for \$100,000 of unfunded Capital Outlay appropriation in each year of the biennium for unforeseen needs that may occur in the biennium and a reallocation of appropriation from Data Processing to Operating Expenses to allow

for the proper expensing of data base support from the Department of Information Systems.

Child Nutrition - 637

The appropriation for the Child Nutrition Program is funded by federal funds received from the US Department of Agriculture. The Change Level request for the Child Nutrition Program for the 2009-11 biennium is for \$40,000 of federally funded Capital Outlay appropriation for unforeseen needs that may occur in the biennium. Additionally, there is a change level for the reallocation of appropriation from Data Processing to Operating Expenses to allow for the proper expensing of data base support from the Department of Information Systems.

Federal Turnback Program - 639

Federal turnback funds are monies collected by federal agencies on land they own within the State of Arkansas. These collections are "turned back" to the State of Arkansas to help cover the loss of property tax revenues that would otherwise be collected. Federal law dictates that these revenues be distributed to the State. As these funds are received, the Department of Education returns them to the counties in which the federal lands are located. The Change Level for this appropriation for the 2009-11 biennium is for \$2 million of Federal Turnback appropriation in anticipation of additional funds that may become available in the biennium.

Federal Elementary and Secondary Education - 650

The appropriation for the Federal Elementary and Secondary Education appropriation is funded primarily by federal funds received from the U.S. Department of Education. There are two Change Level requests for this program for the 2009-11 biennium. One is for \$160,000 of federally funded Capital Outlay appropriation for unforeseen needs that may occur in the biennium. The other Change Level request is a reallocation of appropriation from Data Processing to Operating Expenses to allow for the agency to properly record expensing for data base support from the Department of Information Systems.

Multiple Grant Award Program - 885

The Multiple Grant Award Program appropriation consists of cash funds received by the Department of Education from grants and awards from private foundations or individuals. The Change Level request for this program is for \$10,000 of cash funded Capital Outlay appropriation in each year of the biennium for unforeseen needs that may occur.

Alternative Certification Program - 899

The Alternative Certification Program is cash funded from program participation fees of \$1,200 paid by participants who are seeking alternative teacher certifications to cover the cost of training.

The total Change Level request for the program is for additional Operating Expenses of \$200,000 each year for refunds of fees to participants. The request is also for an additional \$1,500 each year for Conference and Travel Expenses for costs associated with sending two program advisors to two national meetings for Alternative Certification.

Audit Findings

DIVISION OF LEGISLATIVE AUDIT
AUDIT OF :
DEPARTMENT OF EDUCATION

FOR THE YEAR ENDED JUNE 30, 2006

Findings	Recommendations
<p>The Agency failed to establish adequate monitoring and review of reimbursement requests from school districts for the Residential Centers/Juvenile Detention program, which provided funding totaling \$8,668,086 to school districts for educational costs associated with students in approved residential treatment facilities. School districts submitted to the Agency the number of students and the number of days that students were served by treatment facilities through a web-based application. However, the Agency did not have a procedure in place to verify - either for eve payment or for districts selected for monitoring reviews - that the information supplied by the district was accurate. Prior to the implementation of the web-based application process, support documentation to verify the accuracy of the reimbursement request was required.</p> <p>The Agency failed to properly record and track postage usage in the Elementary and Secondary Education Federal Fund (FEE) during the years ended June 30, 2004, 2005 and 2006. At June 30, 2006, a postage meter with a balance of \$35,319 was discovered in the offices of the Special Education Division. This balance consisted of \$7,000 purchased during fiscal year 2006, \$15,000 purchased during fiscal year 2005 and the remaining \$13,319 attributed to purchases made during fiscal year 2004. There were no formal policies or procedures in place to prevent misuse or misappropriation of this postage.</p>	<p>Establish controls to ensure that reimbursement requests from the school districts are legitimate and accurate.</p> <p>Establish and/or strengthen controls over all postage machines utilized by the various divisions of the Agency and record unused balances correctly so that expenditures can be reflected in the appropriate reporting period.</p>

Actual exceeds Authorized in appropriation 1XY - Fish/Wildlife Conservation due to transfer from Cash Fund Holding Account.

Budget exceeds Authorized in appropriation 435 - Federal Grants Administration due to salary adjustments made during the 2007-2009 Biennium.

Variance in Fund Balance for Executive Recommendation reflects recommendation of transfer of Teacher Housing Development Foundation to Department of Education.

The appropriation not requested for 35U - Pulaski County Desegregation Case Costs, found in Sections 19, 34 and 35 of Act 1420 of 2007, was added during the 2007-2009 Biennium. This appropriation is not part of the Desegregation payments received by the Little Rock, North Little Rock and Pulaski County Special School Districts. The appropriation and funding for those payments is part of the Public School Fund budget request.

Analysis of Budget Request

Appropriation: 35V - Vision Screening Program

Funding Sources: SCV - School Age Child Eyecare

This appropriation for the Vision Screening Program provides operating expenses for the Arkansas Commission on Eye and Vision Care of School Age Children. The Commission was established for the Department of Health in Act 755 of 2003. However, during the 2007-2009 Biennium the operating appropriation for the Commission was transferred from the Department of Health to the Department of Education by Act 1243 of 2007. Additionally, the Commission was extended to exist through June 30, 2011 in Act 138 of 2007.

The duties of the Commission are to study the vision needs of children, evaluate screening programs in schools, determine whether children are receiving adequate vision care, and to study the effects of inadequate vision on classroom performance.

The special revenue funding for the Commission comes from donations, gifts, grants, and any other resources that become available.

The Agency Request is for Base Level of \$1,000,000 for each year of the 2009-2011 Biennium.

The Executive Recommendation provides for the Agency Request.

Analysis of Budget Request

Appropriation: 435 - Federal Grants Administration

Funding Sources: FHA - Federal Indirect Costs

This appropriation for the Department of Education provides administration, accounting, purchasing and record keeping services for federal programs. It is funded by indirect cost charges levied against the federal programs operated by the Department.

The Base Level salaries for classified positions reflect the recommendations of the Pay Plan Study. A 2.3% Cost of Living Allowance is reflected in the second year of the biennium. The Base Level request for Regular Salaries may include board member Stipend payments and Career Services payments for eligible employees. Personal Services Matching includes a \$75 increase in monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$425.

The Agency is requesting Base Level plus a change level request of \$101,516 for FY10 and \$103,707 for FY11 for continuation of an Arkansas Department of Education Budget Manager pool position as a regular authorized position. The position was established from the Agency's position pool language, Section 25 of Act 1420 of 2007, and requires the position to be requested as a new position in the Agency's Biennial Budget Request. This position is budgeted for FY2009 and will be used for fiscal and administration services.

The Executive Recommendation provides for Agency Request.

Appropriation: 4HF - Medicaid Adm-Cash in Treasury

Funding Sources: NED - Cash in Treasury

Medicaid Administrative Claiming is a federally funded program administered by the Centers for Medicare and Medicaid Services (CMS). This program provides school districts with the ability to receive reimbursement for certain administrative activities. School districts will be reimbursed for administrative costs incurred which directly support the Arkansas Medicaid program. The program includes all students, not just students in Special Education.

In FY06, The Department of Education, Special Education Unit along with the Department of Human Services-Division of Medical Services received approval from CMS to coordinate and manage a statewide Medicaid administrative claiming program.

The Agency Request is for Base Level of \$15,000,000 for each year of the 2009-2011 Biennium.

The Executive Recommendation provides for Agency Request. Expenditure of appropriation is contingent upon available funding.

Appropriation: 56U - Teacher Housing Development Operations

Funding Sources: NED - Cash in Treasury

The Arkansas Teacher Housing Development Foundation was established by Act 39 of the Second Extraordinary Session 2003, Arkansas Code § 6-26-101 et seq. The Agency has a board of nine members. The board members consist of 3 members chosen by the President Pro Tempore of the Senate, 3 members chosen by the Speaker of the House of Representatives, the President of the Arkansas Chapter of the National Association of Minority Contractors, The President of the Arkansas Development Finance Authority, and the Executive Director of the Arkansas Teacher Retirement System. The term of each board member shall be four years.

The Foundation was established to implement and administer housing incentive programs to recruit and retain high performing teachers in high priority school districts. Those incentives may include down payment assistance, low-interest rate mortgages, rental assistance and multifamily housing developments. For FY2008 the agency paid out \$24,100 of incentive grants to qualifying teachers.

Current funding for the foundation comes from a \$100,000 grant from the Department of Education Public School fund for each fiscal year of the biennium. Additionally, the Foundation is charged with soliciting private and public donations and grants from the local communities to pay for the housing incentive programs.

Salary for the classified position reflects the recommendations of the Pay Plan Study. A 2.3 % Cost of Living Allowance is reflected in the second year of the biennium. Personal Services Matching includes a \$75 increase in monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$425.

The Executive Recommendation is to transfer this program from the Teacher Housing Development Foundation to the Department of Education. It allows for Base Level of all maintenance and operations line items and the Director position. The Administrative Assistant position will be discontinued. Expenditure of appropriation is contingent upon available funding.

Analysis of Budget Request

Appropriation: 620 - State Operations

Funding Sources: EGA - Department of Education-State Operations

This appropriation provides state funded resources for the operations of the Department of Education and assistance to Arkansas' public schools. Operational activities include legal services, information technology, public relations and fiscal management. Assistance to school districts includes the "School Report Card," fiscal and administrative support, curriculum and instruction, and special education assistance and compliance monitoring. To provide the operations of the Department and assistance to schools, the Department is separated into 6 units. These units are: (1) Central Administration, (2) Division of Fiscal and Administrative Services, (3) Division of Human Resources, (4) Division of Learning Services, (5) Division of Public School Accountability and (6) Division of Research and Technology.

The Base Level salaries for classified positions reflect the recommendations of the Pay Plan Study and unclassified positions reflect similar adjustments in line item salaries. Also, fourteen (14) positions have been transitioned from unclassified to classified positions. A 2.3% Cost of Living Allowance is reflected in the second year of the biennium. The Base Level request for Regular Salaries may include board member Stipend payments and Career Services payments for eligible employees. Personal Services Matching includes a \$75 increase in monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$425.

The Agency has two change level requests. First, is a request for \$100,000 each fiscal year of the 2009-2011 biennium of unfunded Capital Outlay appropriation. This request is to handle any unforeseen needs that may occur during the biennium. Secondly, the Agency is requesting a reallocation of \$380,597 each year from Data Processing to Operating Expenses to allow for the proper classification of data base support expenses paid to the Department of Information Systems.

The Executive Recommendation provides for Agency Request.

Current law requires a written statement be submitted to the DFA Office of Budget stating the reason(s) to carry forward appropriation and/or funding for a program or a specific line item within a program from the first fiscal year of the biennium to the second fiscal year of the biennium.

Justification for carry forward of unexpended balance of appropriation and/or funding:

The Department of Education plans to utilize the carry forward balance to phase out Maintenance and General Operations reductions that are being affected in the FY2009 budget due to funding constraints. The program areas involved are Internal Reporting and Management System Development, Enhanced Professional Development, and Staff Development. The ADE will also continue the Memorandum of Understanding with the Department of Workforce Education to provide for the use of the KUDER Career Planning System (KCPS)

Actual Funding Carry Forward Amount \$ 2,870,019.00

Current status of carry forward appropriation/funding:

The Department of Education will utilize the carry forward balance in FY2009 as stated in the justification for the unexpended balance. Also, the Department is considering utilization of a portion of this fund balance to reduce the amount of Educational Adequacy funding needed in FY2009.

Appropriation: 637 - Child Nutrition

Funding Sources: FHB - DOE Food Service Federal Fund

The Child Nutrition Program of the Department of Education provides administrative services and reimbursement to the local school districts that participate in the school lunch, school breakfast or special milk programs. This program also promotes nutrition education by conducting courses in methods and materials for teaching nutrition education. The Child Nutrition Program is funded with federal funds from the United States Department of Agriculture.

The Base Level salaries for classified positions reflect the recommendations of the Pay Plan Study. A 2.3% Cost of Living Allowance is reflected in the second year of the biennium. The Base Level request for Regular Salaries may include Career Services payments for eligible employees. Personal Services Matching includes a \$75 increase in monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$425.

The Agency Request includes 2 change levels. A reallocation of \$28,000 each year of the 2009-2011 Biennium from Data Processing Services to Operating Expenses for proper classifying of database support expenses paid to the Department of Information Systems. Additionally, the Agency is requesting \$40,000 each year for Capital Outlay for any unforeseen needs than may arise during the biennium.

The Executive Recommendation provides for Agency Request.

Justification

C01	The Department of Education is requesting federally funded appropriation of \$40,000 each year for unforeseen Capital Outlay needs that may occur in the 2009-11 biennium.
C04	This request is to reallocate \$28,000 of currently authorized appropriation from Data Processing Services to Operating Expense. The Department of Information Systems expenditures are for database support and should be expensed from Operating Expense rather than Data Processing.

Analysis of Budget Request

Appropriation: 639 - Federal Turnback for School

Funding Sources: FZF - Federal Forest Reserve-DOE

The appropriation for the Federal Turnback for Schools program is funded from Federal turnback funds collected by federal agencies on land they own within the State of Arkansas. These collections are sent to the State of Arkansas to help cover the loss of property tax revenues that would otherwise be collected. Federal law dictates that these revenues be distributed to the State. As these funds are received, the Department of Education returns them to the counties in which the federal lands are located.

The Agency Request includes Base Level and a change level of \$2,000,000 each year. This increase is in anticipation of additional funds that may become available in the biennium.

The Executive Recommendation provides for Agency Request.

Analysis of Budget Request

Appropriation: 650 - Fed Elem & Sec Education

Funding Sources: FEE - Dept of Education Federal Fund

The Federal Elementary and Secondary Education appropriation for the Department of Education contains the majority of the federal entitlement programs for elementary and secondary education. These programs include Title 1 Compensatory Education for the educationally disadvantaged, Title 2 Block Grant, Special Education programs, Early Childhood programs, AIDS Education, Drug Education, and Migrant Education.

The Base Level salaries for classified positions reflect the recommendations of the Pay Plan Study. A 2.3% Cost of Living Allowance is reflected in the second year of the biennium. The Base Level request for Regular Salaries may include Career Services payments for eligible employees. Personal Services Matching includes a \$75 increase in monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$425.

The Agency has two change level requests. First, is a request for \$160,000 each fiscal year of the 2009-2011 biennium of unfunded Capital Outlay appropriation to handle any unforeseen needs that may occur during the biennium. Secondly, the Agency is requesting a reallocation of \$20,000 each year from Data Processing to Operating Expenses to allow for the proper classification of data base support expenses paid to the Department of Information Systems.

The Executive Recommendation provides for the Agency Request.

Justification

C01	The Department of Education is requesting federally funded appropriation of \$160,000 each year for unforeseen Capital Outlay needs that may occur in the 2009-11 biennium.
C04	This request is to reallocate \$20,000 of currently authorized appropriation from Data Processing Services to Operating Expense. The Department of Information Systems expenditures are for database support and should be expensed from Operating Expense rather than Data Processing.

Analysis of Budget Request

Appropriation: 885 - Multiple Grant Award Program

Funding Sources: NED - Cash in Treasury

The Department of Education receives grants and awards from private foundations or individuals for program, such as, Teacher of the Year, Minority Teacher Recruitment, Dean's Symposium and Play it Again Arkansas. The Department currently administers approximately 16-20 such grants each year.

The Agency Request is for Base Level and a request of \$10,000 in Capital Outlay for each year of the 2009-2011 Biennium.

The Executive Recommendation provides for Agency Request. Expenditure of appropriation is contingent upon available funding.
