**AGENCY PROGRAM COMMENTARY**  
**2003 - 2005**

The change level one request for Cotton Boll Technical Institute, \$151,000 for FY04 and \$154,020 for FY05, is in Maintenance and Operations to restore the prior year 5% and 2% budget reductions. These funds are vital to the day-to-day operations of the institution. Also included is a request for \$300,000 each year for General Instruction. These funds will be used to continue operating the 16 career training programs that are vital to the economic recovery of our region. These programs must be updated and expanded to meet the increase in enrollment levels.

The change level five request for \$211,273 each year is for Extra Help and Personal Services Matching. These funds will be used to provide resources to meet the increasing demands for customized training for business and industry.

The change level eight request for \$50,000 each year is to fund information technology projects, such as upgrade wiring, and the purchase of computer information processing hardware and software that are necessary for human resource activities, student services, and the acquisition and inventory of equipment/supplies.

The change level ten request, \$137,625 for FY04 and \$142,518 for FY05, is for reclassifications of personnel. These funds will be used to reclassify four administrative positions in order to more closely match the salaries of personnel in comparable positions in the public schools and in the private sector.
