Analysis of Budget Request

Appropriation: C31 - Bldg Improvmnt/Land–Reed Act

Funding Sources: 167 - DWS - Cash in Bank - Reed Act

A provision of Title IX of the Social Security Act makes excess funds collected under the Federal Unemployment Tax Act (FUTA) available for administration of the Employment Security Program. These funds are often referred to as "Reed Act" Funds. Reed Act funds become a part of a State's unemployment fund as defined in Section 3306(f) of the Federal Unemployment Tax Act as of the date they are transferred to the account of the State in the Unemployment Trust Fund. The funds must retain legal status as part of the State's unemployment fund until expended for the payment benefits or expenses of Employment Security Administration. Reed Act funds may be withdrawn from the State Unemployment Fund and deposited in another State account for use for Employment Security Administration only pending payment of obligations which have become due or the maturity of which is imminent. Since any amount withdrawn remains legally part of the State's Unemployment Fund until expended, it must be accounted for as part of the State's Unemployment Fund. The appropriation authorizing the use of Reed Act Funds must be specific and must:

1. Limit the use of funds appropriated exclusively for Employment Security purposes; and
2. Must specify the purpose of the funds being appropriated.

This appropriation is funded by Reed Act Funds for the purpose of construction and improvement of buildings, rent/lease costs, acquisition of data processing equipment and/or land, and for the payment of salaries and related benefits of local office staff.

Continuing level of appropriation is the FY2023 Authorized.

The Agency is requesting appropriation in the amount of \$3,100,000 in each year of the biennium.

The Executive Recommendation provides for reducing the appropriation to \$1 in each year of the biennium.

Analysis of Budget Request

Appropriation: Z06 - GED Testing

Funding Sources: JWE - Public School Fund

In January 2014, the GED® Testing Service introduced a new computer-based test eliminating the paper-and-pencil test. The new test is more expensive to administer and the increased costs will be passed on to test-takers, unless funding is provided. Currently, the test costs \$120, where test-takers pay \$16 out of pocket. This program helps defer the increased practice test and test costs for test-takers.

Funding is from the Educational Excellence Trust Fund transferred from the Department of Education - Division of Career and Technical Education.

Continuing level of appropriation is the FY2023 Authorized.

The Agency is requesting appropriation in the amount of \$350,000 in each year of the biennium.

The Executive Recommendation provides for the Agency Request.
