USB drives

Required Records

Arkansas follows the data formats as outlined in the EFW2 formats for submitting W-2 information to the Social Security Administration. All federally required fields should be submitted along with the state portion of the record designated as the Code **RS** Record.

Required records are:

- Code RA Submitter Record
- Code RE Employer Record
- Code RW Employee Wage Record
- Code RS State Record
- Code RT Total Record
- Code RF Final Record
- Code RCS Corrected State Record

Not Required/Optional records are:

- Code RO Employee Wage Record
- Code RU Total Record

Not Allowed Record:

- Code RV State Total Record - Do not submit RV record

Data Format

- Any file name can be used but end with the file extension **.TXT**
- Data must be recorded in the ASCII-1 character set.
- These are fixed length records. Records must be **exactly 512 characters** long with a delimiter of a carriage- return/line feed (CR/LF) immediately following character position 512. Typically, this is accomplished by pressing the “Enter” key at the end of each record (i.e., after position 512).
- The ASCII-1 hexadecimal value for the carriage return character is 0D (zero and letter D); the ASCII-1 hexadecimal value for the line feed is 0A (zero and letter A). The ASCII-1 decimal values for the two characters are 13 and 10 respectively.
- Do not place a record delimiter before the first record of a file.
- Do not place a record delimiter after a field within a record.
- Records that are not in this format will be rejected.

CODE RS Record - General

- The Code RS record as outlined in the EFW-2 format is required for State of Arkansas W-2 electronic transmission. Not all fields are required but the submission will not be rejected if these fields have data in them. If no data is reported in the non-required fields, fill the field with blanks/spaces or zeros when the field is numeric.
- **Supplemental Data Field 1** (Position number 338 – 412) of the Code RS record is required. This field should contain the FEIN of the company as reported in the Code RE Record. Report the number in the first nine places (left justify) and blank fill the rest (9 +66). Do not include hyphens in the FEIN number.
- **Supplemental Data Field 2** (Position number 413 – 487) of the Code RS record is required. This field should contain the eleven (11) digit State of Arkansas ID number (ex 12345678whw). Report the account ID in the first eleven places (left justify) and blank fill the rest (9 +66). Do not include hyphens in the ID number.

CODE RS – Layout

- This is a fixed length record. Even if the State of Arkansas does not require a field, placeholders, (blanks or zeros - depending on the field) must be used in order to fill the 512 length record. Carriage returns and line feeds must be used (see previous section). If data is available and it is easier to go ahead and populate the non required fields, do so according to the federal specifications. The State of Arkansas will not reject the file unless required records are not in the proper format.
