

BOYS & GIRLS CLUBS
ARKANSAS ALLIANCE

April 21, 2021

The Honorable Asa Hutchinson
Office of the Governor
500 Woodlane Street, Suite 250
Little Rock, AR 72201

Dear Governor Hutchinson,

We are writing to encourage funding for our local Boys & Girls Clubs around the state. As you well know, these clubs are serving some of our most at-risk youth. These young people have faced interruption in their normal education routines and need the services that Clubs can offer more than ever. Quality programming during the summer break and after school will be especially crucial this year. These Clubs are in the unique position to serve their students but will not be able to do it without the proper resources.

The incoming federal funding will provide a multitude of options to address needs across the state. We are writing you in support of funding the Boys & Girls Clubs of Arkansas in their ask of \$6.5 million to continue their critical work among young people. We believe many of their needs can be addressed through the COVID Relief Funding and should be made priority in providing assistance across the state. As a Legislature, we see the value in this funding and the benefit it will have for students across Arkansas. We ask that you share our support.

Thank you for your continued leadership and commitment to our youth.

Sincerely,

Members of the Arkansas State Legislature

BOYS & GIRLS CLUBS
ARKANSAS ALLIANCE
