OVERVIEW OF ANNUAL OPERATIONS PLANS

All Institutions of Higher Education must submit an annual fiscal program by **May 16, 2024**, supported by the required Annual Funds Center Worksheet and President/Chancellor approval letter to the Department of Finance and Administration, Office of Budget. The approved program will be uploaded to the Arkansas Administrative Statewide Information System (AASIS).

For those institutions funded through the Educational Excellence Trust Fund, distribution of funds may change after the initial budgets are established effective July 1, 2024, pursuant to A.C.A. §6-5-301. Institutions should spend funds cautiously until final funding levels are determined.

For those institutions funded through the Tobacco Settlement Trust Fund, distribution of funds may change after the initial budgets are established effective July 1, 2024, pursuant to A.C.A. §19-12-101. Institutions should spend funds cautiously until final funding levels are determined.

For those institutions receiving funds from the Work Force 2000 Development Fund, distribution from this source will not be included on the initial budgets established for fiscal year 2025. Annual Work Force 2000 Development Fund transfers of both appropriation and funding will be processed after July 1, 2024 when final funding levels as based on certified fiscal year 2024 collections are determined as provided under A.C.A. §26-51-205.

For those agencies funded from the Miscellaneous Agencies Fund, the budget analyst will provide the funding level for the 2025 Annual Fiscal Program as soon as possible after the issuance of the Official Forecast of general revenue available for distribution to agencies.

American Rescue Plan Act Appropriation

For those agencies receiving federal funds under the American Rescue Plan Act of 2021 (ARPA), Section 40 of Act 152 of 2024 continues the requirement that "All appropriation and expenditures for funding received for the American Rescue Plan Act of 2021 shall be expended using the American Rescue Plan Act of 2021 Appropriation Section as authorized in this Act." This will require all agencies and institutions to follow the established ARPA Appropriation request process to receive authorized in each entities' Fiscal Year 2025 appropriation act, agencies and institutions should not include ARPA Appropriation as part of the FY2025 Annual Operations Plan submittal. Agencies should submit the ARPA Appropriation requests to their budget analyst through the established process for June ALC-PEER consideration. Your budget analyst will provide more detail.

GENERAL INSTRUCTIONS

All institutions will utilize the Planning Budgeting and Administrative System (PBAS) to prepare their Annual Fiscal Program. PBAS is an automated system designed to enable institutions to develop a budget according to the General Accounting and Budgetary Procedures Law. Each institution will be provided with Microsoft[®] Excel worksheets for all authorized Fund Centers. Institutions will complete the Funds Center Worksheets and return them to the Office of Budget for processing. Please review carefully the data entered in order to ensure that allocated budget levels do not exceed available funding levels.

The Office of Budget requires an original letter signed by the President/Chancellor of the Institution of Higher Education indicating knowledge and approval of the final annual fiscal program.

Institutions may contact the budget analyst to obtain paper copies of reports. A final copy routed to the Office of Budget, with other required documents, signifies completion of the annual fiscal program. The Office of Budget will review and approve final forms and forward the necessary documentation to the Office of Accounting.

The final annual fiscal program will be uploaded to the Arkansas Administrative Statewide Information System (AASIS) for fiscal year 2025 where it will be integrated into the AASIS data for each institution.

PREPARATION OF QUARTERLY ALLOTMENTS

The Office of Budget will advise each Institution of its General Revenue funding level, including a preliminary forecast of funds to be received from the Educational Excellence Trust Fund (EETF) and the Tobacco Settlement Trust Fund. A revised forecast for both funds will be provided early in the fiscal year. Any budget adjustments may be made at this time. Work Force 2000 Development monies will not be budgeted initially. Once collections for FY2024 have been certified, a FY2025 Work Force 2000 forecast will be made available and transfers of funds and appropriations will take place accordingly. The institution determines the amount of any Special or Other Revenues to be received for the 2024-2025 fiscal year and prepares quarterly allotments that correspond to availability of funding. Quarterly Allotments must be based on the financial requirements for the institution's spending for the fiscal year and may not exceed available funding or authorized appropriation.

ALL CASH APPROPRIATION LINE ITEMS ARE BUDGETED IN THE FIRST QUARTER OF THE FISCAL YEAR.

REQUIRED DOCUMENTS:

The following original forms must be submitted with the annual fiscal program:

> President/Chancellor approval letter. A letter signed by the President or Chancellor indicating knowledge and approval of the final annual fiscal program

Annual Funds Center Worksheets

PLEASE NOTE: When preparing the fiscal year 2025 annual fiscal program, attention should be paid to the Governor's Executive Order 98-04 as well as A.C.A. §21-1-401 through §21-1-408 requiring state agencies and institutions to publicly disclose when they do business with statewide constitutional officers, legislators, state employees or their immediate family members. THE ANNUAL FUND CENTER WORKSHEET

Each institution will be provided with Microsoft[®] Excel worksheets for all authorized Funds Centers. The Funds Center Worksheets are based on the authorized appropriation amounts for an Institution. The institutions are required to complete the worksheets for each of the funds center and return the final worksheets to the Office of Budget with the annual fiscal program. (Institutions do not have online access to PBAS and must coordinate their budget development through the Office of Budget.)

QUARTERLY ALLOTMENT: The budget by commitment item needed to meet quarterly requirements. The purchase of capital items should be budgeted for the quarter following the greatest revenue collection. Capital purchases supported by General Revenue should be budgeted in the fourth quarter. Institutions will enter the desired budget amount for each commitment item by quarter. The entered budget amounts must be within available funding limitations and the total budget for any line item must be equal to or less than the authorized amount.

In accordance with Section 37 of Act 169 of 2024, applicable institutions shall report by July 1 to the Division of Higher Education any amounts transferred from the Contingency Commitment Item (513:00:18) to other spending commitment items for both the General Revenue and Cash funded appropriations.

The sum of the quarterly allotments by line item, plus the blocked amount will equal the total commitment item authorized amount as found in the appropriation Act.

Cash appropriations have been budgeted in the first quarter on the Microsoft[®] Excel worksheets provided by the Office of Budget. Each institution should verify the information and return the worksheets to the Office of Budget.

BLOCKED: The blocked amount will automatically be calculated by line item (commitment item). This is the amount of appropriation not budgeted for fiscal year 2025.

The Office of Budget requires a letter signed by the President/Chancellor of the Institution of Higher Education indicating knowledge and approval of the final annual fiscal program.

CARRY FORWARD OF ANY REMAINING FUND BALANCES FROM FISCAL YEAR 2024 TO FISCAL YEAR 2025

Amendment 86 to the Arkansas Constitution provides that no appropriation authorized by the General Assembly can be for a period longer than one year. Agencies that are authorized to carry forward general revenue funding through special language may carry forward remaining fund balances under the following conditions:

"(1) Prior to June 30, 2024 the Agency shall by written statement set forth its reason(s) for the need to carry forward said funding to the Department of Finance and Administration Office of Budget;

(2) The Department of Finance and Administration Office of Budget shall report to the Arkansas Legislative Council all amounts carried forward by the September Arkansas Legislative Council or Joint Budget Committee meeting which report shall include the name of the Agency, Board, Commission or Institution and the amount of the funding carried forward, the program name or line item, the funding source of that appropriation and a copy of the written request set forth in (1) above;

(3) Each Agency, Board, Commission or Institution shall provide a written report to the Arkansas Legislative Council or Joint Budget Committee containing all information set forth in item (2) above, along with a written statement as to the current status of the project, contract, purpose etc. for which the carry forward was originally requested no later than thirty (30) days prior to the time the Agency, Board, Commission or Institution presents its budget request to the Arkansas Legislative Council/Joint Budget Committee; and

(4) Thereupon, the Department of Finance and Administration shall include all information obtained in item (3) above in the biennial budget manuals and/or a statement of non-compliance by the Agency, Board, Commission or Institution."

The Carry Forward of Any Remaining Fund Balances form (example attached) has been automated in PBAS. Agencies should enter the estimated amount they anticipate to carry forward from FY2024 to FY2025 as well as provide justification for the carry forward of any remaining fund balance for a program or a specific line item within a program. Agencies that do not have system access to PBAS will coordinate entry of this data with the budget analyst assigned to assist the agency. Agencies must print the report from PBAS, sign, date and submit it with the Annual Operations Plan.
